- B) to adequately safeguard principal;
- C) to provide sufficient liquidity to meet all operating requirements; and
- D) to obtain a reasonable rate of return.

III DELEGATION OF AUTHORITY

The Town Board's responsibility for administration of the investment program is delegated to the Chief Fiscal Officer, who shall establish written procedures for the operation of the investment program consistent with these investment guidelines. Such procedures shall include an adequate internal control structure to provide a satisfactory level of accountability based on a data base or records incorporating description and amounts of investments transaction dates, and other relevant information and regulate the activities of subordinate employees.

IV PRUDENCE

All participants in the investment process shall seek to act responsibly as custodians of the public trust and shall avoid any transaction that might impair public confidence in the Town of Islip.

Investments shall be made with judgement and care under circumstances then prevailing. Investments shall be the type which would be made by persons of prudence, discretion, and intelligence in the exercise in the management of their own affairs. Investments shall not be made for speculation, but for investment, considering the safety of the principal as well as the probable income to be derived.

All participants involved in the investment process shall refrain from personal business activity that could conflict with the proper execution of the investment program or which could impair their ability to make impartial investment decisions.

VI INTERNAL CONTROLS

All monies collected by an office or employee of the Town shall be expeditiously transferred to the Chief Fiscal Officer certainly within the time period specified by law.

The Chief Fiscal Officer is responsible for establishing and maintaining an internal control structure to provide reasonable, but not absolute, assurance that deposits and investments are safeguarded against loss from unauthorized use or disposition, that transactions are executed in accordance with management's authorization and recorded properly, and are managed in compliance with applicable laws and regulations.

VII DESIGNATION OF DEPOSITORIES

VIII COLLATERALIZING OF DEPOSITS

All public deposits in excess of the amount insured under the provisions of the Federal Deposit Insurance Act as now, or hereafter, amended shall be secured in accordance with this subdivision.

In accordance with the provisions of General Municipal Law (GML), Section 10, all public deposits of the Town of Islip, including certificates of deposit and special time deposits shall be secured by:

Eligible securities used for collateralizing deposits shall be held by a third party bank or trust company subject to security and custodial agreements.

The custodial agreement shall provide that the pledged securities will be held by the custodial bank or trust company as agent of, and custodian for, the local government, will be kept separate and apart from the general assets of the custodial bank or trust company and will not, in any circumstances, be commingled with or become part of the backing for any other deposit or liabilities and it shall also provide for the manner in which the custodial bank or trust company shall confirm the receipt, substitution or release of the collateral.

Such agreement shall provide for the frequency of revaluation of collateral by the custodial bank or trust company and the substitution of collateral when a change in the rating of a security causes ineligibility pursuant to Appendix A attached hereto. Such agreement shall include all provisions deemed necessary and sufficient to secure in a satisfactory manner the local government's perfected interest in the collateral. Such agreement may also contain such other provisions as the governing board may deem necessary.

Whenever eligible securities are delivered to a custodial bank or trust company pursuant to this paragraph or transferred by entries on the books of a federal reserve bank or other book-entry system operated by a federally regulated entity without physical delivery of the evidence of such obligations, the records of the custodial bank or trust company shall show, at all times, the interest of the local government in such securities as set forth in the security agreement.

Statements indicating the market value of "*eligible securities*" held by the third party custodian for the Town of Islip must be submitted to the Town of Islip on a monthly basis.
